Education

- J.D., University of Pittsburgh School of Law, 2011
- B.A., English Writing, University of Pittsburgh, 2008, summa cum laude

Lorenzo Lista is a member of the Orrick Analytics group. The group specializes in using technology and project management discipline to assist firm attorneys with litigation and transactional tasks, particularly tasks that involve large volumes of data and documents.

Lorenzo works with litigation attorneys and third party vendors to manage the review and production of documents relevant to investigations and litigation. This work includes using early case assessment technology to analyze, categorize and cull data. He also manages teams of specialists performing document review, redaction, analysis, production and drafting privilege logs. Mr. Lista assists the litigation team to prepare for trial, including drafting deposition summaries, factual memoranda and exhibit charts. Lorenzo also works with practice office attorneys on transactional tasks, including contract review and due diligence.

Prior to joining Orrick, Lorenzo interned with the Equal Employment Opportunity Commission in Pittsburgh and with the University of Pittsburgh Elder Law Clinic.
