

Peter Richmond

Senior Associate

San Francisco

T +1 415 773 5737

E prichmond@orrick.com

Peter advises energy sector developers and investors on project development and financing matters, with a particular focus on renewable energy projects.

Peter has deep experience in both development and financing aspects of energy storage projects. He represented the sponsor in the first non-recourse financing of a portfolio of behind-the-meter projects, the 2017 IJGlobal North America Energy Storage Deal of the Year. He has worked on utility scale storage projects with a total capacity of more than 80 MWs (240MWhs) for utility and non-utility clients.

Peter's utility-scale solar experience ranges from PPA, EPC, construction, equipment supply, O&M, interconnection, and shared facilities agreements to tax equity, debt financing, and M&A. He also represents clients in developing and investing in community solar and C&I solar projects.

Prior to joining Orrick, Peter was an associate with another international law firm, where he worked on energy and aviation financing transactions, mergers and acquisitions, and general corporate matters.

Representative Engagements

- A developer in the tax equity financing of two solar projects totaling 175 MWs in California.
- A developer in the structuring and documentation of a 500 MW generation tie-line facility connecting five solar projects in California.
